Melis Nurseries
**HOLLAND
MICHIGAN**

If you live within driving distance we advise selecting your Tulip varieties while in bloom. No catalog can illustrate or properly describe the beauty of the actual plants. 1,000,000 blooming Tulips may be seen on our display field of more than 400 different varieties. See them when it's "Tulip Time" in Holland, Michigan, from May 16th to May 24th inclusive.

Our fields will be flood-lighted in the evening and our Tulips may be seen until 11 p.m. every evening.

FREE Parking Space for Everyone

For complete festival programs write to us, or Chamber of Commerce, Holland, Michigan.

A Word

About Domestic Grown Tulip Bulbs

It is with more than the usual satisfaction that this catalog is presented to you. Not only does it offer a large listing of the staple varieties but it also includes a great many new and noteworthy varieties that will bring joy to the heart of every flower lover.

Nelis Tulips are American grown. They are produced in a soil and climate that makes them perfectly acclimated to domestic cultivation, and no new varieties are offered by us until they have given perfect satisfaction on our trial grounds, and are adapted for the American climate.

Nelis Nurseries are the largest growers of Tulip bulbs in Michigan, and during the last blooming season approximately 400,000 people visited our extensive fields, and after seeing them were fully convinced of the high quality and blooming ability of our bulbs. That is why so many of them placed their orders then and there. Tulip Time at Holland, Michigan, has now become so well known that it is being classed as one of the nation's major floral festivals, and the bulbs used for these plantings were all supplied by Nelis.

It is, therefore, with full knowledge and authority that we recommend Domestic Grown Tulips and other bulbs. They are easier to grow, cheaper to buy, and once you have seen their marvelous blooms you will understand why we favor them so highly over the imported bulbs. Complete planting and cultural instructions accompany each order. You are urged to get your orders in early while the choicest bulbs are available, as orders are filled in rotation as received.

Our Guarantee

We guarantee every bulb we ship out to be strictly top size (with the exception of our Tulip City Collection which is a trifle smaller in size than top size bulbs) and to be absolutely true to name. We further guarantee every bulb, root or plant to grow and bloom and we will replace bulbs, roots or plants free of charge if found otherwise.

How We Do Business

All orders of \$2.00 or more will be shipped fully prepaid if cash is included with order. Smaller orders must include an additional charge of 10c to cover transportation.

CHARGE ACCOUNTS. As our business is spread over the whole country, no charge accounts will be accepted unless customer is well known to us and credit has been established.

We supply 6 of one variety at the dozen rate; 25 of one variety at the 100 rate; 250 of one variety at the 1000 rate.

Prices in this catalog supersede all previous catalogs.

Novelty Tulips

The Novelty Tulips offered below are among the most outstanding varieties of latest introduction and have been specially priced so you may enjoy them NOW—many years before they become universally offered.

As a beautiful addition to your garden or for gaining highest awards at any spring shows, they are highly recommended.

Giant Darwin Tulips

MAY-FLOWERING

Darwin Tulips are all cup-shaped flowers carried on tall stiff stems and range in color from black to white, crimson, and scarlet, to the softest pink, purple-lilac, yellow, and indescribable intermediate blendings and pastel shades. All Darwin Tulips have very long stems and are, therefore, highly recommended for garden decorations either in beds, groups, or perennial borders. Planting a Tulip garden is made easy for the fact that you may count surely upon the flower blooming as planned. The color, height and flowering season is all so well established that it is a pleasure to plan a color effect, and to see it develop to life in the spring, just as imagined during the previous fall.

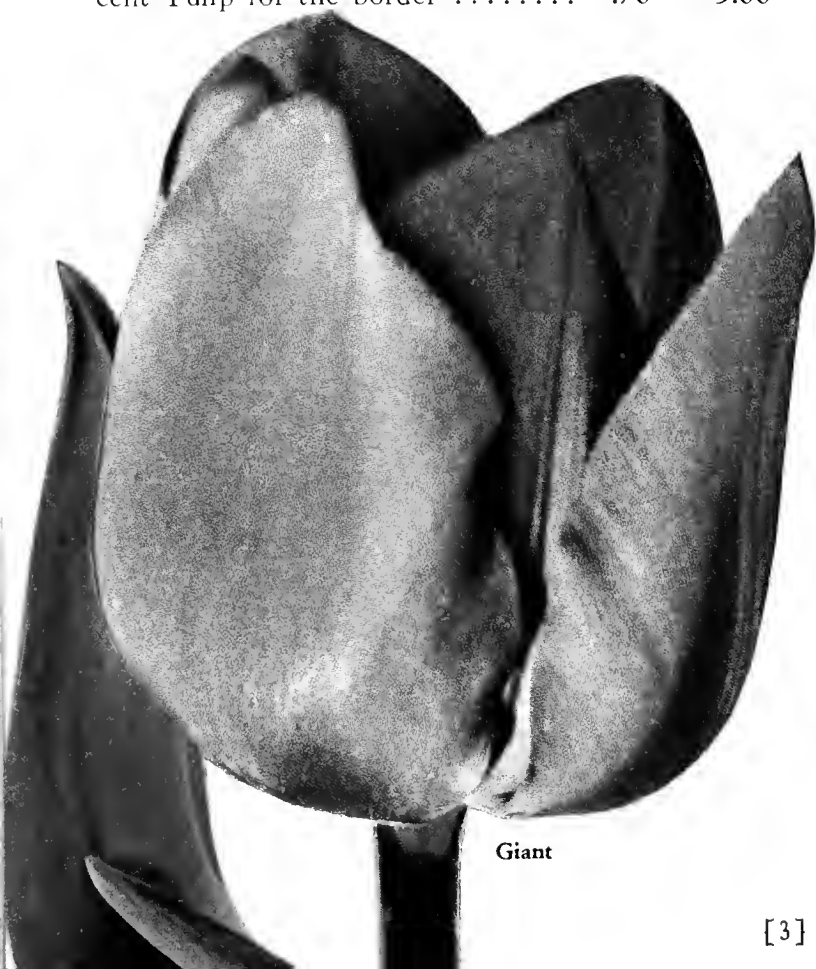

The number after the variety indicates the height at blooming time.

GENERAL LIST

(Top-Size Bulbs)

	Doz.	100
Afterglow. 26 inches. Clear dark salmon, shaded orange, edged light orange. (Illustrated)	\$0.80	\$6.00

This collection has been compiled from orders placed at our nurseries by our "Tulip Time" visitors as the most outstanding and popular Breeder varieties. This collection will also give you a complete range of colors.

These Tulips are identical in shape and form to the Darwin type, except their coloring. Every lover of the rich pastel shades cannot fail to appreciate their rich and artistic blendings. Colors like bronze, terra cotta, purple, old gold, brown, buff and maroon are found among them. Many of these varieties are sweet scented. The varieties listed are considered the best.

Nelis Cottage Tulips

MAY-FLOWERING

The Cottage Tulips, like the Darwins, flower in May. The difference between the Cottage Tulips and the Darwins is in the shape of the blossoms, which is long and oval, many of them with gracefully reflexed petals. The Cottage Tulips as a class are rich in the more delicate and artistic shades of pink, yellow, orange, salmon, fawn, amber and old rose. They are ideally suited for outdoor planting and cutting.

Novelty Triumph Tulips

SINGLE VARIETIES

This new race of Tulips is a cross between the single early and Darwin Tulips and are in bloom before the Darwin Tulips. They will, therefore, furnish you with a Tulip Garden of incomparable splendor to tide over the intervals between the passing of the early Tulips and the taller and later May-blooming varieties. They are extremely sturdy and excellent for bedding, and become more popular each year. We list only those varieties which are most outstanding and a valuable addition to any collection.

	Doz.	100
ALBERIO. 24 inches. Deep wine-red with a narrow edge of flesh-pink; very large flower and very sturdy grower	\$1.25	\$9.00
ALGIEBA. 18 inches. Purplish mauve changing to blue at the edge. A fine bedding variety80	6.00
CANADA. 20 inches. Silvery white with soft rose reflection; a splendid delicate color75	5.50
CROWN IMPERIAL. 20 inches. Bright crimson-scarlet edge, feathered golden yellow. Resembles Single Early Tulip Keizerskroon, but a much sturdier grower	1.50	11.00
DENBOLA. 20 inches. Dark ruby-red with a broad creamy edge; large flower of great substance	1.35	10.00

URSA MINOR. 21 inches. Deep golden yellow; an exceptional bedding variety	1.10	8.00
ZEVANO. 18 inches. Carmine-rose; a good bedding variety85	6.50

DOUBLE TRIUMPH TULIPS (May-Flowering)

These double varieties are extremely showy, with flowers as large as Peonies and come in an extraordinary range of colors. They have created a remarkable interest, and in the past nearly all the available supply has been bought by our "Tulip Time" visitors, who were able to see them in bloom. As real novelties we want to recommend them for exhibition or show purposes. Being of very latest introduction, quantity of bulbs is limited, and early orders are more apt to insure delivery.

	Doz.	100
ALLEGRO. 20 inches. Fuchsia-red with white edge, with flowers measuring more than 6 inches across	\$1.50	\$11.00
ALLIOTT. 22 inches. Amaranth-red, changing to yellow-white at edge; lasts several days longer than others. Scarce. 2.00

PEONY RED.	15 inches. Beautiful deep scarlet; very fine and sturdy; fine bedding variety	.85 6.50

Parrot Tulips

MAY-
FLOWERING

MIXED PARROT TULIPS

The petals of this class of Tulips are fringed at the edges, and they are very peculiarly marked and feathered, resembling, before opening, a parrot's neck. The average height of these is about 16 inches.

Per dozen, 70c.

Per 100, \$5.25.

NOVELTY PARROT TULIPS

Here is a complete list of the most outstanding novelties in Parrot Tulips. These new Parrots in contrast to the old type, have all heavy firm stems to keep the flowers erect, and are a valuable addition to any garden. These new types, strange to say, have all sported from the more popular varieties long known to the flower lover. Most everyone has admired Parrot Tulip Fantasy, which variety is by far the best known of this new type, and which has sported from the well known Darwin Tulip Clara Butt. They are so entirely different from all the other flowers that they provoke the startled admiration of all who see them.

	Each	Doz.
BLUE PARROT. 26 inches. A glorious flower of bright violet shading to steel blue. As flower opens it gradually changes to a most pleasing blue; very large flower with strong stem. Sport and color of Darwin Tulip, Bleu Aimable. Highly recommended		\$12.00
DISCOVERY. 26 inches. A beautiful rose Parrot; large flower of outstanding quality; of very sturdy and strong habit. Sport and color of the well-known Darwin Tulip, Princess Elizabeth	7.00	
ELEANORA. 18 inches. A crimson-purple shaded violet; extremely large flower with heavy petals and a strong and stiff stem of medium height. Very fine. Sport and color of Single Early Tulip, Eleanora75	7.50

Lady
Derby

	Each	Doz.
FANTASY. 20 inches. Beautiful salmon-pink with a much darker interior; outside marked with an emerald-green. This variety has made a remarkable hit. Sport and color of Darwin Tulip, Clara Butt	\$9.00 per 100..	\$1.25
GADELAN. 22 inches. Violet and mauve with purple shadings, center white; a beautiful variety of gigantic size and excellent substance. Sport and color of Parrot Tulip, Sensation. Highly recommended	2.50	
LADY DERBY. 28 inches. Lilac with lighter edge, center white edged blue; a delicate color and of beautiful form; very sturdy and extra large flower. Sport and color of Darwin Tulip, Circe40	4.00
OPAL QUEEN. 26 inches. A very beautiful pearl-blue Parrot of remarkable size carried on a strong stem. Sport and color of Darwin Tulip, Glory of Walworth. Highly recommended	4.50	
RED CHAMPION. 24 inches. Huge flower of bright crimson with slight shading of rosy red; flowers are carried on strong and stiff stem; still very scarce but will undoubtedly become the most beautiful of all the Parrot Tulips. Sport and color of Darwin Tulip, Bartigon	20.00	
THERESE. 29 inches. Bright cochineal-carmine with vivid cerise-scarlet; white center bordered blue; tall and sturdy. Another outstanding variety of the new Parrots in the red shades; very scarce. Sport and color of Darwin Tulip, Farncombe Sanders	2.50	25.00

Rembrandt Tulips

Rembrandt Tulips are striped and feathered Darwin Tulips, with stripes or flakes of white, lavender, red, yellow, or other colors as their colors. They blend in perfect harmony at all times. We offer them in a mixture only. They are especially nice when used for cut flowers.

	Doz.	100
MIXED REMBRANDT TULIPS. Containing a complete range of colors	\$0.80	\$6.00

Bunch Flowered Tulips

	Doz.	100
CLIPPER. 24 inches. Sulphur-yellow; a new introduction and color offering of the bunch-flowering type. Recommended, but very scarce	\$3.50	
MADAME MOTTET. 24 inches. Similar to Monsieur Mottet. Color cerise-rose shaded purple; flowers are slightly stronger but about as many to the stem	2.00	15.00
MONSIEUR MOTTET. 24 inches. Ivory-white color, and instead of producing one flower on a stem as other Tulips do, it carries from 4 to 6 blossoms, which are in bloom all at the same time, on a stem about 18 inches tall. The result is a unique cut flower and also an excellent garden variety. We would like to see it included in every collection95	7.25

Sirene

Lily-Flowered Tulips

(MAY-FLOWERING)
(Top-Size Bulbs)

As a result of crossing *Tulipa Retroflexa* with Darwin Tulips, a very beautiful race of Tulips, with reflexing petals, has been obtained. The flowers greatly resemble colored Lilies; few flowers equal them in grace and beauty when cut for table decoration.

COLLECTION No. 4
(Top-Size Bulbs)
6 each of these 6 Lily-Flowered Tulips (36 bulbs), \$2.00.
12 each of these 6 Lily-Flowered Tulips (72 bulbs), \$3.75.
25 each of these 6 Lily-Flowered Tulips (150 bulbs), \$7.25.

	Doz.	100
ADONIS. 26 inches. Long, striped flower with reflexing petals. Vivid cerise-red; a very elegant Tulip and keeps very well when used for a cut flower.	\$.075	\$5.50
ALASKA. 24 inches. Exquisite, long pure yellow flower, slightly reflexing. A prize winner and a valuable addition to any collection	.80	6.00
ARTEMIS. 27 inches. Brilliant carmine-rose with white base. Similar in type to <i>Retroflexa</i> except in its color	.70	5.00
ECLIPSE. 27 inches. Orange-yellow; one of the finest of the new Hybrid Tulips	.65	4.50
RETROFLEXA. 25 inches. Primrose with recurving petals, very decorative Tulip	.70	5.00
SIRENE. 25 inches. Rich rosy pink with pale pink at the margins. A great exhibition flower of exquisite beauty, and retains its vivid colors until petals fall. Use with blue <i>Forget-Me-Nots</i>	.65	4.50

Botanical Tulips

These Wild Tulips come in lovely odd shapes, many with reflexed petals and curiously twisted and reflexed foliage. They belong in the rock garden where they thrive and increase if left in the ground from year to year. Plant them in groups of 6 to 12 bulbs among the rocks in fairly well drained pockets. We have eliminated all varieties of inferior and poor blooming qualities, and only those varieties which have given satisfaction under American conditions have been listed.

	Doz.	100
CHRYSANTHA. 8 inches. One of the smallest species in existence; a real novelty. Color rich yellow with rose exterior	\$1.00	\$7.50
CLUSIANA (Little Lady Tulip). 10 inches. Outer petals cherry-red, inner petals white with violet base. Excellent for rock garden. Originally found in Asia Minor	.90	6.50
CORNUTA STENOPETALA. 15 inches. Graciously formed flowers of scarlet and gold lacinated like a Parrot Tulip held upright on a tall, stiff stem; a most interesting species	2.00	15.00
EICHLERI. 10 inches. Crimson-scarlet shaded orange with glittering black center marked with gold. Very large flower. This variety will outshine a great many of our cultivated Tulips. Native of Turkestan. Highly recommended.	.90	7.00
GREIGI. 14 inches. Brilliant orange-scarlet flower with yellow and black center; foliage spotted maroon. Blooms in early May. Highly recommended.	Each, 50c.	5.00
KAUFMANNIANA (The Waterlily Tulip). 6 inches. Creamy white tinged rosy red; flowers large, attractive, with reflexing petals. One of the earliest and most free bloomers	1.10	8.00
MARJOLETTI. 14 inches. Soft primrose, shaded carmine-red at base; small flower of very attractive color. Native of Savoy. Blooms second week in May	.95	7.00

Eichleri

Kaufmanniana

NOVELTY BOTANICAL TULIPS

	Each	Doz.
BATALINI. 4 inches. Soft chrome-yellow with deeper yellow center. A very pretty species with dainty flowers of distinct form and color	\$0.60	\$6.00
LINIFOLIA (True). 7 inches. Light vermilion-red. Extra and most unusual variety for the rock garden. Beautiful and extremely scarce	.65	6.50
MADAME LEFEBER. 15 inches. A most intense orange-red. This variety is considered to produce the largest flowers of any variety, the petals measuring 2 3/4 by 5 1/2 inches and when normally opened is 8 inches across. A most valuable addition	1.50	

Nelis Tulip City Collection ▲ ▲ ▲

A RARE BARGAIN IN MAY-FLOWERING TULIPS

These bulbs are of special home garden grade, 10 to 12 cm., all fine named varieties of flowering size for outdoor and mass planting. These are the same size bulbs of which we have supplied millions for the City of Holland, Michigan. We do not recommend this size for forcing and they are smaller than the bulbs listed on other pages of this catalog. We recommend them as a real bargain, and we can supply them in the following varieties:

Baronne de la Tonnaye. Bright rose. Darwin.
 City of Haarlem. Scarlet. Darwin.
 Clara Butt. Salmon-pink. Darwin.
 Inglescombe Yellow. Yellow. Cottage.
 Isabella. Rose and white. Cottage.
 John Ruskin. Blending of apricot, orange, pink, and gold. Cottage.
 La Merveille. Orange-cherry. Cottage.
 Pride of Haarlem. American beauty red. Darwin.
 Raphael. Wine-red. Darwin.
 Remembrance. Lilac. Darwin.

At the close of the season we may be sold out on a certain variety, therefore we wish to reserve the right to substitute with varieties of the same color if possible. Order early to receive the above named varieties.

50 flowering size bulbs, 5 each of 10 varieties	\$2.00

Hyacinths

FOR GARDEN PLANTING or FORCING

Hyacinths planted in pots bring pleasure for winter days, and for bedding purposes they are unsurpassed. They provide the much needed shades of blue, white, yellow, pink, red and scarlet, added to their most pleasant fragrance.

We consider the varieties listed among the best obtainable.

	Doz.	100
CITY OF HAARLEM. Golden yellow, the purest and finest yellow Hyacinth	\$1.25	\$9.00
GRAND MAITRE. Fine deep porcelain blue; splendid forcer	1.25	9.00
HAROLD. This new variety we consider one of the earliest and finest pinks existing today	1.25	9.00
KING OF THE BLUES. Dark blue, splendid large truss; good for late forcing and bedding	1.25	9.00
LADY DERBY. A beautiful clear rose-pink; early and fine for forcing and bedding	1.25	9.00
LA VICTOIRE. Shiny carmine-red with well filled spikes.	1.25	9.00
L'INNOCENCE. The most satisfactory all around pure white; early forcer	1.25	9.00
LORD BALFOUR. A beautiful large truss of violet shade	1.25	9.00
MARCONI. Bright deep rose with broad trusses; a good forcer but particularly fine outdoors	1.25	9.00
PERLE BRILLIANT. Clear light porcelain-blue; forces medium late; splendid for bedding	1.25	9.00

COLLECTION No. 9

3 each of the above 10 varieties (30 bulbs)	\$2.75
6 each of the above 10 varieties (60 bulbs)	5.50
12 each of the above 10 varieties (120 bulbs)	10.50
25 each of the above 10 varieties (250 bulbs)	20.00

PLANTING TABLE

Number of bulbs required to plant circular beds.			
Diameter of Bed	4 in. apart	6 in. apart	8 in. apart
3 feet	90	36	
4 feet	120	48	37
5 feet	220	84	69
6 feet	260	120	78
7 feet	400	160	96
8 feet	460	210	127
9 feet	630	260	156
10 feet	710	325	190
11 feet	900	390	240
12 feet	1000	460	270

For an oval bed, add length and breadth and divide by 2. For example, a 10x6 ft. oval bed requires as many plants as a round bed 8 ft. in diameter.

PAPER-WHITE NARCISSI

Suitable for indoor growing in pots, gravel, sand or fiber. Can be had in bloom from Christmas until Easter. Plant different lots every two weeks from October 1st until March 1st. Will give you an abundance of beautiful flowers during the winter. Not suitable for outdoor planting except south of the Carolinas. We offer only Jumbo or Exhibition size bulbs.

	Doz.	100
Price	\$0.65	\$4.00

GOLDEN YELLOW PAPER-WHITE NARCISSI

Soleil d'Or resembles the Paper-White Narcissus very much in habit, but of an exquisite deep yellow color, with an orange-yellow cup.

Grow in shallow bowls of water with enough pebbles, stones or soil to prevent them from toppling over when in bloom. Will bloom from 4 to 6 weeks after planting. Exhibition size bulbs only. \$2.00 per doz.; \$15.00 per 100.

Narcissi or Daffodils for

Whitewell

Lucifer

In order to have a beautiful bulb garden, Narcissi should be planted very freely. They thrive in practically any climate in the United States. They are not only excellent for outdoors, but millions are used every year for forcing, indoors. Their graceful form, beautifully shaped trumpets and cups, and the long, straight stems have made them favorites for cut flower purposes with every American gardener. We have compiled a list (as short as possible) of the best and most attractive varieties for indoor exhibition purposes, and it is complete and easy to select from.

Culture Indoors. They should be planted so that the tops of the bulbs are at least 5 inches beneath the soil. A little protection should be given during severe winter weather, although they are perfectly hardy.

In Our Descriptions We Use the Following Terms: Perianth—the outer petals of the flower. Trumpet—the long cup or trumpet-shaped center. Crown or Cup—the short or flat center.

	Doz.	100
Albatross. (Barri). White perianth and pale citron-yellow cup, edged orange-red	\$0.90	\$7.00
Bath's Flame. (Barri). Yellow perianth, deep yellow cup with broad edge of orange-red. A perfection in scarlet and gold	1.50	11.00
Bernardino. (Incomparabilis). Large, creamy white perianth, cup of pale lemon-yellow flushed with pinkish apricot, heavily frilled..	.95	7.00
Buttonhole. (Bicolor). White perianth with yellow trumpet, which is split to give the effect of a Petunia	1.25	10.00
Camperelli Odorus Rugulosus. (Jonquil). Small clusters of golden yellow flowers75	5.50
Camperelli Odorus Rugulosus fl. pl. (Jonquil). Small cluster of double golden yellow	1.25	10.00
Cassandra. (Poeticus). Perianth white, cup canary-yellow, rim bright red; one of the new Poeticus varieties85	6.50
Cervanthus. (Yellow Trumpet). Early yellow flowers; short yellow cup, edged orange-scarlet90	7.00
Conspicuous. (Barri). Broad, spreading perianth of soft yellow, short yellow cup edged orange-scarlet85	6.50
Cheerfulness. (Double Poetaz). A double form of the famous cluster-flowering Daffodil, Elvira. A novelty of great promise90	7.00
Emperor. (Yellow Trumpet). Perianth deep primrose-yellow, with rich yellow trumpet; large flowers of remarkable substance85	6.50
Evangeline. (Leeds). All white flowers, free bloomer70	5.00
Glory of Sassenheim. (Bicolor). Trumpet of rich golden yellow, perianth pure white; an exceptionally fine show variety	1.00	8.00

DAFFODILS for NATURALIZING

Suitable for woodland planting, cutting or garden display.

Practically any soil has been found suitable and they grow equally well in the open as among trees and in woodland.

Containing a mixture of large trumpets, Leeds, Barri and Poeticus types, making a mixture that cannot be beaten for value and worth much more than we charge for them. Plant at least 8 inches deep but avoid places where water may collect at any time, as they like drainage,

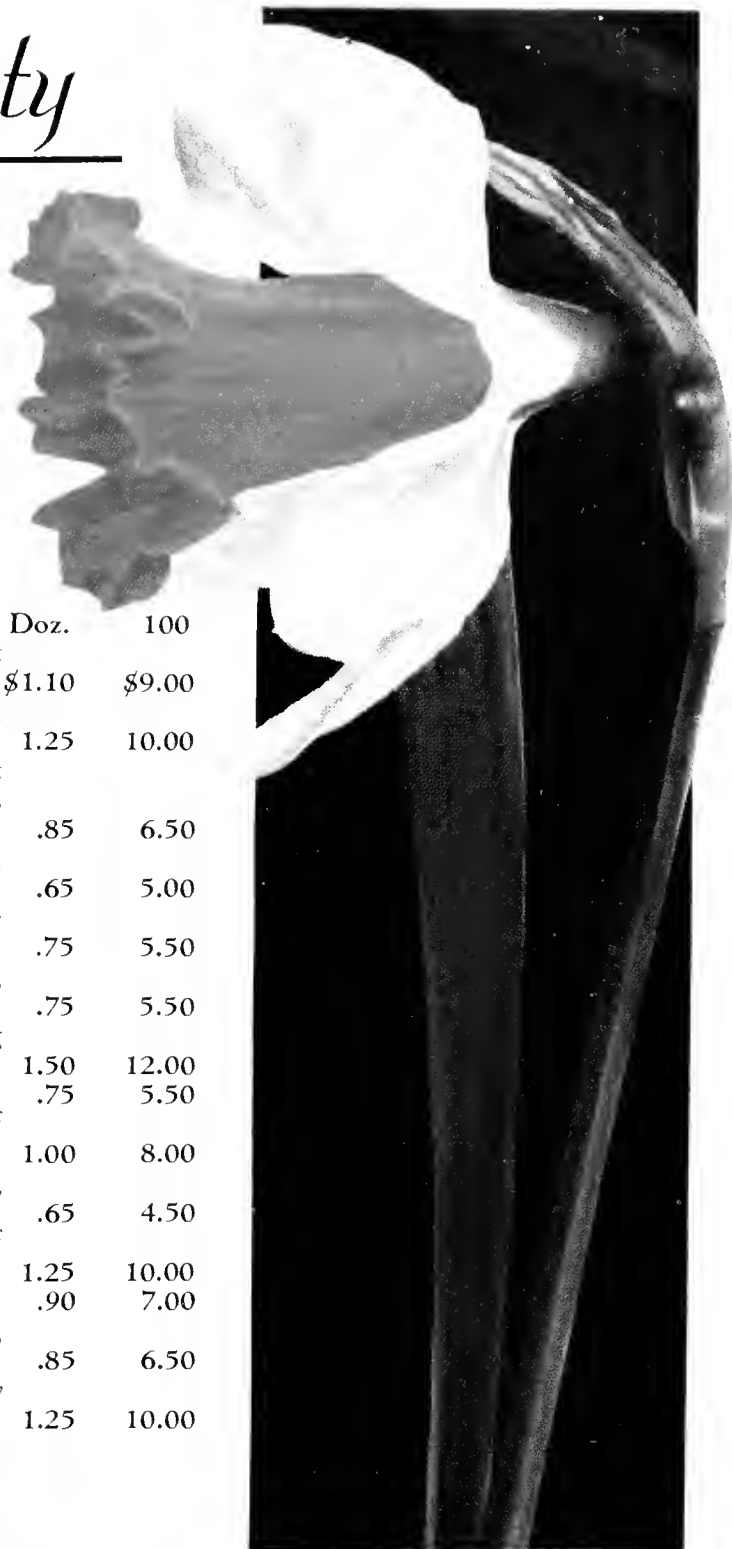

Try to plant them before October 15th or shortly thereafter, but place your order early as the demand is increasing for these bulbs at this special low price we have adopted, and we cannot take orders for less than 100 bulbs.

Price, \$3.50 per 100; \$30.00 per 1000

Wedgewood

Japanese Iris

This queen of the large flowering Iris is very effective and flowers later than the German Iris. The flowers are of enormous size and with single and double varieties, both being equally attractive and suitable for cut flowers. They develop into a more perfect bloom if cut just before the bud opens and placed in the house in fresh water. The best time to plant these Iris is in the fall, to allow them to make new roots before winter sets in.

ASTARTE. Double. Beautiful dark violet.

ELEANOR PARRY. Glistening white with golden stigmas and blue markings. Six petals.

GOLD BOUND. Double. Pure white, creamy glow at the gold-banded center.

HERCULES. Double. Clear lilac-blue; large flower.

KOKO-NO-IRO. Large (six petals), royal purple with a yellow center; most brilliant Iris.

MAHOGANY. Double. Purple-mahogany-red, blooming very late.

PURPLE AND GOLD. Dark purple overlaid with dark blue, with yellow blotches; six petals.

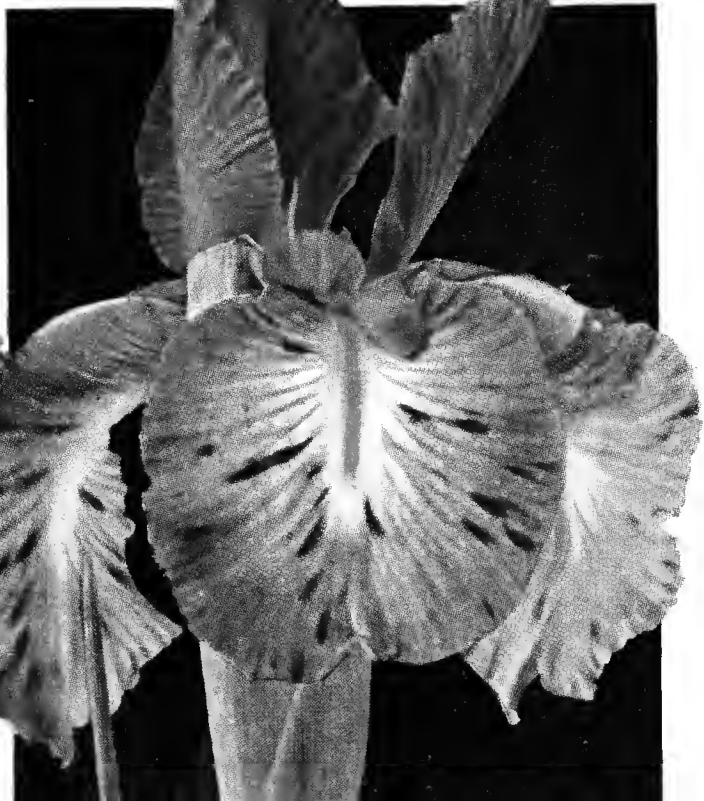

PYRAMID. Double. Violet-purple, veined white in center of each petal.

Price: 3 for 75c; \$2.25 per doz.

English Iris

Dutch Iris

A new and early flowering race coming into bloom just after the Tulips are gone. The flowers are large, resembling the orchids, and are distinctive and brilliant in color. Flowers are heavy texture and when cut have wonderful keeping qualities. Bulbs should be planted in the fall, 5 inches deep, on well drained soil, with slight protection after freezing weather sets in. Offered at new low prices.

English Iris

The charming English Iris with their beautiful markings surpass any others. They come in the most wonderful shades of blue, white, lavender and purple, and we recommend them very highly. Their blooming period is during the month of June until about July 10th. Bulbs should be planted during the month of October. Special planting instructions will accompany each order. An exceptionally lovely and very scarce strain.

Miniature Flowering Bulbs

FOR THE ROCK GARDEN

ERANTHIS (Winter Aconite)

Early in spring the golden yellow buttercup-like flowers look charming, resting on an emerald-green cushion of leaves forming a striking contrast to the Snowdrops and Scillas. The foliage remains long after the flowers. Especially valuable in moist situations under trees and in the rock garden. Height 6 inches. 50c per doz.; \$3.50 per 100.

FRITILLARIA MELEAGRIS

Dwarf spring flowering plants bearing large, bell-shaped flowers of various colors. Yellow, white, black, purple, striped and splashed. They are invaluable for pot culture and when grown in large groups in the rock garden, require a dry situation. Height 10 inches. 50c per doz.; \$3.50 per 100.

CHIONODOXA (Glory-of-the-Snow)

An early flowering spring bulb for borders or rockery. Produces flower spikes bearing 10 to 15 Scilla-like flowers. Perfectly hardy and should be planted close together for effect. Height 7 inches.

LUCILIAE. Deep blue with a white center. 40c per doz.; \$3.00 per 100.

SNOWDROPS (Galanthus)

Everybody knows the Snowdrop, with its little white bells coming through the snow very early in the spring. Especially attractive if planted with Scilla. Height 5 inches. 50c per doz.; \$3.50 per 100.

MUSCARI (Grape Hyacinth)

The foliage of this plant is very similar to that of Scilla but the flowers are of entirely different form—grapelike clusters closely set, and are wonderful cut flowers, splendid for naturalizing. Height 15 inches.

	Doz.	100
ALBA. White	\$0.40	\$3.00
HEAVENLY BLUE	.40	3.00
PLUMOSUM (Plume Hyacinth). A very unusual and fascinating flower bearing feathery plume-like flowers of rosy violet color. Blossoms in May	.90	6.75

SCILLA SIBIRICA

They are invaluable for edgings, borders or massed in flower beds; hardy and very satisfactory. Height about 4 inches.

	Doz.	100
SCILLA SIBIRICA. Bright blue	\$0.50	\$3.50
SCILLA SIBIRICA ALBA. Pure white, habit same as above.	.50	3.50

SCILLA CAMPANULATA

All varieties of Scilla Campanulata are splendid for naturalizing, because they will flower in shady places. All have bells like small Hyacinths, forming long and graceful spikes. Height 15 inches.

	Doz.	100
CAMPANULATA ALBA. White	\$0.50	\$3.00

Lilium Henryi

Regal Lily

PHILIPPINENSE FORMOSANUM

(Green Throated Lily)

A new, very graceful Lily, producing very long and trumpet-shaped flowers; inside pure white, with green throat, outside white shading to reddish brown. With reflexing petals, grassy foliage and slender stems. Grows to a height from 2 to 3 feet. Blooms from July to September. Very fragrant, and free bloomer.

30c each; \$3.00 per doz.

LILIUM CANDIDUM

(Madonna Lily)

Also known by many as "June Lilies." This is one of the oldest, loveliest and best known Lilies. It is the earliest white, outdoor garden Lily. You have often admired it. Has rich perfume and snow-white flowers from 3 to 15 on a stem. It is very hardy and will thrive in any light garden soil, with plenty of light and air.

	Each	Doz.
Largest flowering bulbs	\$0.30	\$3.00

Nature's Way to a Productive Soil

Plants are living, growing things. Like everything else that lives, they need a congenial environment. For plants, this means a favorable climate, and more important still, a correct soil. Soil is made up of two kinds of material: one is mineral or inorganic; the other is vegetable or organic. Both are essential as sources of plant food; but the organic material, generally called humus, plays by far the most important part. Peat Moss is the most desirable type of humus that is known.

Superior Brand Peat Moss gives the soil a loose, soft texture that absorbs warmth and energy from the sun. It takes up surplus available plant food and gradually releases it as the plants need it. Besides, the Peat aids in the growing of certain bacterial organisms essential to the plants' activity.

Superior Brand Peat Moss results from the partial, natural decay of great deposits of the sedge Moss laid down ages ago in the bogs of Michigan. It is pure vegetable matter, free from weed seeds and excessive woody tissues, disease spores and impurities. It improves soils that are too light and sandy, giving them body and coherence and to heavy soils it gives life and porousness. As it has a loose, spongy texture it takes up from ten to fifteen times its own weight in water. By holding the moisture longer, Superior Brand Peat Moss tends to keep down the water bills even while it is growing more lovely gardens.

Superior Brand Peat Moss is excellent as a mulch. A layer of the loose, fluffy material on the top of the ground will greatly check evaporation. Applied from one to five inches deep it conserves soil moisture and prevents erosion. In winter it protects plant roots from severe cold.

PRICES. Superior Brand Peat Moss is sold in bags, each containing two bushels. We will ship by freight, charges collect, unless you instruct otherwise. Shipping weight per bag of two bushels about 40 pounds. Price of 2 bushels (1 bag), 99c; 4 bushels (2 bags), \$1.77; 6 bushels (3 bags), \$2.57; 8 bushels (4 bags), \$3.37. Larger quantities for lawns and large plantings, \$6.50 per cubic yard (1 cubic yard equals 22 bushels).

2-WAY MONEY SAVING. Three bags (about 90 lbs.) can be shipped as cheaply as one bag, since freight companies make no reduction under 100 lbs.; thus you save on freight when three bags are ordered. And when you order three bags you pay only 79c per bag for the extra bags. Order three bags and save money.

Peat Moss and Poultry Manure

THE PERFECT FERTILIZER

While Peat Moss alone aids greatly in improving the soil, as stated above, we find that many soils are also deficient in the inorganic foods. For such soils we recommend SUPERIOR BRAND PEAT MOSS and POULTRY MANURE. This material is a perfectly balanced plant food, containing the right amount of nitrogen, phosphorous and potash, as well as many other elements desirable for ideal growing conditions. The odor is inoffensive. It is recommended by many expert gardeners for lawns, greenhouses and gardens. It gives lasting results and satisfaction.

Superior Brand Peat Moss and Poultry Manure is an exceedingly valuable fertilizer because of its comparatively high nitrogen content. It stimulates quick, rapid growth of plants and at the same time provides for brilliance, quantity and size of blooms. It should always be applied after plants are set and only a very small amount need be used.

Packed in substantial two-bushel paper-lined bags, each bag weighing approximately 50 lbs. (Order 2 bags at a time—100 lbs. Shipped as cheaply by freight as 50 lbs.).

PRICE. Per bag, \$1.49; 2 bags, \$2.87.
